

Maths planning

- White Rose maths is used for long- and short-term planning
- We are proactive to the needs of individual classes and pupils therefore supplement White Rose with NCTEM and other resources.
- Maths is taught daily in all classes with lessons approximately one hour
- KS1 and years 4 and 5 have additional maths lesson 'mastering number' at least 3 times a week.
- Year 3 have additional times table lessons, at least 3 times a week.
- Years 3-6 all have weekly arithmetic quizzes

Maths lesson

- Maths mastery approach using the 5 big ideas
- Pupils work in mixed ability groupings
- Manipulatives are displayed and available at all times for all pupils
- Lessons begin with counting then 10 minutes on practising skills using Fluent in Five, Daily Ten or Flash back Four
- All pupils are expected to use the booklets (with the exception of some SEN). Additional fluency and 'going deeper' is recorded in blue maths exercise books
- Work is marked with pupils present when ever possible

Assessment

Termly PUMA tests, on-going teacher assessment, White Rose end of unit assessment, maths.co.uk

Maths on a page

Maths at home (including homework)

- Weekly homework (paper based) linked to learning
