

FAMILY SUPPORT HUB

WHATS ON MARCH & APRIL 2026

Recently we have seen a dip in the numbers of parents able to attend our workshops or coffee mornings, we would like to know if our families would prefer a later workshop such as 2pm or if the topics covered have not been of interest are there are any particular courses/workshops you would be interested in and would like us to run in school? Please speak to Mrs Benatmane, Mrs Ahmed or Mrs Khattun. 01132760771 option 3

We would also like to take the opportunity to remind our families of our working relationship with JESS cluster and the fantastic work they do. They are currently running Stronger Start course and we have received some amazing feedback from families that have already engaged in this. For more info please see <https://jesscluster.org/>

Long Term Courses

- * Grow & Cook– Every Tuesday 1pm-3pm for those that completed HENRY PARENT course.
