

FAMILY SUPPORT HUB

WHATS ON SEPTEMBER & OCTOBER 2026

We need your feedback? What would you like more support with 2026-2027? Job seeking? Parenting Support? How to support with school work? If there are any particular courses/workshops you would be interested in and would like us to run in school, Please speak to Mrs Benatmane, Mrs Ahmed or Mrs Khattun. 01132760771 option 3

We will be sending out a feedback sheet shortly on what courses/workshops you would like school to do? Please ensure we have your up to date email address. You can do this through the ARBOR app.

We would also like to take the opportunity to remind our families of our working relationship with JESS cluster and the fantastic work they do. They are currently running Stronger Start course and we have received some amazing feedback from families that have already engaged in this. For more info please see <https://jesscluster.org/>
