

Half Termly Newsletter

Mrs McGuire, Mrs Hall and Mrs Springthorpe

Term: Summer 1 Topic: Animals and our world

Reading and Writing

We are re-writing sentences from the following stories and composing our own stories.
We are writing information about Polar Bears and Orangutans

The Journey Home

Maths

Multiplication– Can I count in 2's, 5's and 10's? Can I make arrays and understand what they mean? Can I measure capacity, length and weight?
Can I find halves and quarters of shapes and numbers?

Topic (Art, DT, History, Geography)

Our main topic is looking at the world map using globes and atlases. We will be identifying oceans and continents and beginning to name them. We will be identifying the hottest and coldest parts of our world. We will have a special focus on Africa this half term!

DT– Making fruit smoothies

Science

Know the names of a range of animals.
Sort animals into groups– reptile, amphibian, mammal, fish, bird, insects
Identify the differences in carnivores, omnivores and herbivores.

Home learning activities: Name animals round the home, zoo and garden, Find out about a new animal.

Computing

Coding

Home learning activities: Login to Numbots to play maths games.
Let us know if you need your login resending!

PE

Kipipiri– Monday-games
Suswa– Monday games
PE kit: trainers, white t shirt, black leggings or trousers, Greenmount hoodie please.

Phonics

Working really hard to spot the letter group we have been learning. Spot with your finger and say letter group first, say the sounds, read the words.

Home learning activities:
Read your book 2/ 3 times a week. Parents please sign yellow reading records. Lots of children reaching the top of our class reading mountain!

Reminders
