# Year 1

## How have toys changed?

## Key knowledge - five facts

I know that old toys were made from metal, wood pottery and glass.

I know that many toys today are made from plastic.

I can describe and compare a range of toys..

I know that toys operate in different ways. (e.g., batteries, wind-up)

T can ask questions to find out what my parents/grandparents /older people played with in the past.
